	3.3 SCS HARDWARE	4

1 OVERVIEW

In this document servers as help for marketing and selling Softcon products.

It is a subset of the overall directory document SCS_File_Directory.pdf that lists all files in the Softcon_USB folder, listing the marketing / sales related files.

2 REFERENCES

Since 1989, Softcon systems have been installed at more than 7,000 sites in 35 countries, using more than 80,000 control panels (CntrP) and have been proven to be stable and reliable. Contactable references are available.

The latest version of this document is available on www.softconserv.com.

The video Softcon BMSS Specifications, available on YouTube (search for Softcon BMSS and find the Softcon YouTube directory of Softcon videos – find the logo on the left) is a short presentation of this document.

A folder **Softcon_USB** contains all documents, presentations, videos, Software (SW) and Firmware (FW – SW in controllers) versions. The Softcon Application (App) **SCS_DashBoard** enables simple access to files in Softcon_USB. A video is available on youtube, and on Softcon_USB that shows how to use DashBoard.

<https://www.youtube.com/watch?v=ABteGIDUKi4>

Softcon_USB is available on a USB memory stick from Softcon or can be loaded from a Dropbox.

Instructions are available in the last section in document SCS_Dashboard.help

https://www.softconserv.com/downloads/SW/SCS_Dashboard.help.pdf

All references in the document below assume c:\Softcon_USB is loaded.

To ensure all links below ([green underline](#)), this document (SCS_Markting.help) must be opened in:
\\Softcon_USB\\Softcon

Simply use \\Softcon_USB\\SCS_DashBoard to Open Files.

3 SOFTCON MARKETING FILE LIST

These table contain links to marketing related files in folders in Softcon_USB.
Simply click on the [Green Underline](#) to open.

3.1 SYSTEM

Ref	Name	Type	Folder	Description
